Tuesday May 9, 2017

There are a million things to see in New York City, but only one way to truly see them all! **Start by ascending to the top of the tallest building in the Western Hemisphere in less than sixty seconds.** Take in the iconic sights, surrounding waters and panoramic views of the skyline and beyond.

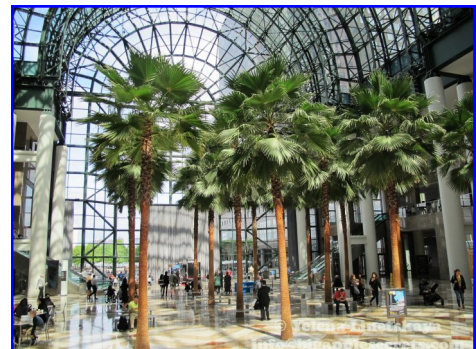

The experience includes:

- **Sky Pod Elevator:** Ascend to the 102nd floor in under 60 seconds. Experience a virtual time-lapse elevator that recreates the development of the NYC skyline from the 1500s to today.
- **Main Observatory:** On the 100th floor of the Observatory, experience expansive, 360-degree views in all directions.
- **See Forever Theater:** Video will bring the rhythm of the city to dramatic life in 3 dimensions.

After the Observatory, walk around the **9/11 Memorial Pools.** The Memorial's twin reflecting pools sit within the footprints where the Twin Towers once stood.

Spend time this morning at **Brookfield Place**, a brand new, upscale shopping and dining experience. Located across from One World it is an exquisite addition to the area.
